Species	Date(s) Observed	Spawning	Rearing	Migration
Broad whitefish	7-16-87		✓	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Five broad whitefish were captured at Mine Site B in the Kuparuk oil field Fish were captured in an experimental gill net.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
