Don Young
Wildlife Biologist

JUSTIFICATION:

In 2010, the Board of Game authorized an antlerless moose registration hunt in this portion of Game Management Unit 20A to run from October 1 through February 28, unless closed by Emergency Order. We set a quota of approximately 120 antlerless moose for the 2011 winter hunt (RM764 and RM768). To optimize the distribution of the harvest, we divided Unit 20A in 7 major and 18 minor hunt zones and established individual quotas for each zone. The reported harvest in Zone 4B is expected to reach the desired harvest level of 13 antlerless moose by midnight on December 23, 2011. No further harvest of antlerless moose is warranted in this portion of Unit 20A.
