Drafted

Species	Date(s) Observed	Spawning	Rearing	Migration
Chum Salmon	August 19, 1985			X
King Salmon	August 19, 1985			X

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Aerial Survey conducted in a supercub by U.S. Fish and Wildlife Service. One king and four chums were observed above Alexander Village. New stream for the anadromous catalog.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
