Attachments: Mat-Su 2009 Culverts Fish Data.pdf; Parks Hwy 2009 Culverts Fish Data.pdf

Hi Jay,

Here's a summary of what was caught at the sites we nominated. For all sites, we placed minnow traps upstream and downstream of the culvert. Fish were caught in both traps at the majority of the sites. I've also attached pdf's of the Mat-Su data sheet, which you have, and one from our Parks Highway project, which I had forgotten to print out. Please let me know if there's more information I can provide.

Thanks,
Ben
