					☐
					☐

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc. Remove name from 225-30-15100 add name to 15102

Comments:
225-30-15100 currently Elishansky. -15102 is actually ELESHANSKY. Spelling with E not I, native last name, still in use & spelled with E. Attached maps to show 15102 is the stream Cordova fish & Game has called ELESHANSKY since late 50's early 60's.
