Drafted FI — Date 11/29/88

Species	Date(s) Observed	Spawning	Rearing	Migration
Pink Salmon	8/8/88	X		
Chum Salmon	8/8/88			X
Sockeye Salmon	8/8/88			X
Coho Salmon	8/8/88			X
Chinook Salmon	8/8/88			X

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.
While at trail take to a lake survey we walked a well-used trail to Lower Sucker Creek where we observed approximately 35 spawning pink salmon and the following migrating adult salmon: 10 chum, 6 sockeye, 10 chinook, and 8 coho salmon.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
