OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Migration	Anadromous
Sockeye	7/23/92	X			X
Chinook	7/23/92	X			X

Provide any clarifying information, including number of fish observed, location of fish survey data, etc. Attach a copy of the fish survey data, if available. Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls.

Comments:

Observed during aerial survey ~50 sockeye and 7 chinook salmon spawning in the noted side tributary to the West Fork of the Gulkana River. Spawning occurance about 1/2 to 5/8 of a mile up the un-named side stream.
