- C. \*\* **Board Committees:** Following staff reports and oral testimony, the board has established a number of board committees to provide additional review of proposals. Grouping of proposals will be finalized at the meeting. Board committees are comprised of board members. The board selects public advisors to the committees from qualified and interested members of the community(s). Advisory committee representatives are ex-officio advisors to all board committees, and may move between board committees as they choose. **Purpose** of the committee process is to: 1) broaden public participation in the regulatory process; 2) provide another forum for stakeholders to discuss resolution of contentious issues; and 3) provide additional detailed information relative to proposals.
