Location:

Anadromous Waters Catalog Volume and Number revision April 82

USGS 1:63,360 Quadrangle Sitka 14-B-6

or 1:250,000 (if 1:63,360 not available) _____

Species	Date(s) Observed	Stage(s) (Spawning, Rearing, Migration)
~~Rainbow Trout~~	~~October 1981~~	~~Rearing~~
additions Dolly Varden	October 1981	Rearing 10060 (probably not anadromous in 2005)
Sockeye (few)	October 1981	Spawning in 10060
Delete Coho, Pink & Chum	October 1981	Spawning - not observed above fork on 2005

Comments: Please provide any clarifying information in addition to identification on Anadromous Waters Catalog Public Review Maps.

Dolly Varden observed in 10060 (anadromous) and 2005 and captured in baited funnel traps in 2005 up to fork and on west branch; possibly not anadromous. No coho chum or pinks observed above fork on 2005.
