Nomination #

Richard Reed — Regional Supervisor — 9/21/84 Date

SJS — 10/30/84

Drafted — 10/84 Date

Species	Date(s) Observed	Spawning	Rearing	Migration
Coho	1978-1984	✓	✓	✓
Add { Dolly Varden	during fish-	✓	✓	✓
Add { Cutthroat	pass research	✓	✓	✓
Pink + Chum	work.	✓	✓	✓

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Fish ladder construction in 1984 has changed up limits of anadromous fish usage. These limit will again change in 1985-86 with construction of another fish pass in upper Keku. Also anadromous CT + DV are indigenous to this system.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
