

The Middle Yukon AC met on January 9, 2013 in the community of Koyukuk.
Attached is their minutes.

Below is a summary of their discussion on the proposals before the BOF at their January 2013 AYK meeting.

Proposal 144- restrictions; limiting net depth to 35 meshes
Unanimously **opposed**

Proposal 145- restrictions: limiting net depth to 35 meshes
Unanimously **opposed**

Proposal 146
Unanimously **opposed**

Proposal 147
Unanimously **support**

Proposal 241
With the amended language that would "allow fish-wheel operation for chum fishing with the live release of kings, with the presence of the licensee or the designated permittee present" . The essence of our amendment was that we approved of Proposal #241, but we feel it is unfair to expect the fish-wheel licensee to be the only person required to be in attendance at the fish-wheel 24 hours a day, when a designated assistant (permitted) could live release any kings just as effectively
Unanimously **support as amended**

Agenda Amended

(1)

148 & 147 BOF

Public Comments:

Dale Kriska - Yellow stuff (abscess) on his Moose

Crudy Pilot - Welcome to Koyukuk (Leo - heart surgery)

AC Comments:

Richard - Tough Fishing, bad weather in Moose season. Public Involvement

Bar J. - WACHWG - Need member for Group from MYAC. Caribou decline. Moose in Ocean

Mickey S. - National Mtg - oceans and Rivers

Fall chum / summer chum but not kings. What about Russian By-catch? why not close 1st pulse last summer.

Ben J. Pollock fishing on ocean bottom dragging is ruining fish habitat. Kings getting smaller. hatchery fish outcompeting wild stock (60% hatchery)

Paddy N. - More ^{last year} Salmon on both side (Red salmon), this year less. This year more whitefish.

Old Bus

Glean @ Bear Proposal
Brad - good numbers

Fred - can't hunt bcz moose didn't come out to H₂O
See, the H₂s are good so we need EO hunt

Richard, Small moose rut was last 2 days of the season. Poor rutting unit. Future looks good

Earl - see alot of moose but they are small
bad weather impeded hunting.

J - Moose increasing because less predators.

Pet M. -

Harvest

Open Comments

Laure L. - How many yrs w/ no hunt for cows.

Does ADFG pay for violations -
-wants trapper Ed. for young kids

Cindy Pilot - Can we change Plan? New KMP?

Robert (Paddy) - send FTR list to Village

Council.

Mickey - Should be very careful about new
Plan. Locals may no longer support.

BOF - proposals

Prop #144 All opposed (35 week)

145 All opposed (35 week)

146 All opposed

147 All in Favor

241 Amend & Adopt

except permittee allow drift net to Yuk.
allow fishwheel for chum licensed
1/500 release. (Permittee of destination)
