ALASKA DEPT. OF FISH & GAME
DEC 20 1985
REGION II
HABITAT DIVISION

SEP - 3 1985
HABITAT
REGIONAL OFFICE

Species	Date(s) Observed	Spawning	Rearing	Migration
coho	16 June 1985		X	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

In three traps, which soaked ~~and~~ about an hour, I caught 6 coho juveniles. 4 were under the bridge, and two in each trap set upstream of the bridge. The fish were at least one summer old, judging by their size.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
