Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Large-sized tributary to Logjam Creek. Traps set about 1 1/2 miles upstream; continues to be good fish habitat beyond portion of stream trapped.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
