DY	6-15-89	x	x	x

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Enters Mabel Creek below falls. Headwater originate in a small lake in Sec. 33, but system has numerous braids and several small tributaries. Tribs cannot all be shown on 1" to Mile scale map, so must catalog as small elipse.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
