Pink Salmon	9/8/89	X		

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

I have indicated where we counted pinks last summer. We flew the mainstem with helicopter though I am sure a lot of tributaries also have pinks. This information may have been accidently left off the map. This is the largest pink system on Kuiu Island.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
