

Board of Fisheries Meeting: Statewide King and Tanner Crab, March 17-21, 2014

Proposal # 346 – Proposed regulatory language

Submitted by: Norton Sound Economic Development Corporation
PO Box 358, Nome AK 99762
(970) 443-2477

We propose a change in regulation that would insert the following as 5AAC34.915(a)(6):

Recognizing both 5AAC34.080 and 5AAC34.935, an efficient rate of harvest would attain the Guideline Harvest Level within the season as defined in regulation (5AAC34.910(d)(1)), that is, by noon September 3rd.
