1984 revision

84-269

State of Alaska
Department of Fish and Game
Public Review Nomination for Waters
Important to Anadromous Species

☐ Addition X correction ☐ Deletion

Name of Waterbody (if known): 302-80-10150 Kuliliak Bay

Location:

Anadromous Waters Catalog Volume and Number SW III

USGS 1:63,360 Quadrangle

or 1:250,000 (if 1:63,360 not available) Unalaska

Species	Date(s) Observed	Stage(s) (Spawning, Rearing, Migration)
—	—	—

Comments: Please provide any clarifying information in addition to identification on Anadromous Waters Catalog Public Review Maps.

Stream was drafted incorrectly in 1983 revision. Natural location of stream is flowing into small lake, not directly into bay. Refer to attached map and memorandum and 1983 nomination. - per Pat Holmes, Feb. 1983 and Nov. 1983. red line on 1983 map shows incorrect location in 1983 revision.
