Species	Date(s) Observed	Spawning	Rearing	Migration
coho salmon	1985		✓	
sockeye salmon	1985		✓	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Juvenile salmonids were sampled during a US Fish + Wildlife Service inventory of Izembek NWR fisheries (June - August 1985). Field notes are available at address given below and a summary of fish distribution information will be included in a report of the inventory (available in 1986).

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
