Nomination # 89-706

Regional Supervisor — Date 11/3/88

SFS — 11/15/88

Drafted — Date 11/10/88

Species	Date(s) Observed	Spawning	Rearing	Migration
Dolly Varden		–	–	–
Chum Salmon	Sept 1976-1988	✓	–	✓
Coho		–	✓	–
Pinks ?		✓	–	–

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

I SET 2 minnows traps in "B" (COVEY) creek - captured 0 FISH. There were numerous salmon jaws, backbones, etc. SCATTERED THROUGHOUT UPPER REACHES OF stream, FROM LAST FALL'S SPAWNING ACTIVITIES. (Surveyed April 4, 1988)

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.

SUBJ.:	Supplemental info for previous 1988 Stream Nominations		Date: 9/19/88

During June 1988 the FRED Division nominated 2 streams for inclusion in the Anadromous Catalog. These streams are tributaries of Women's Bay on Kodiak Island and the nominations were based largely on the observation of juvenile fish. On Sept. 14, 1988 surveys of the streams yielded data that shows significant use by adult salmon. The results of the survey are summarized below. The streams are found between 259-22-10020 & 259-22-10026:

Species →	CHUM	PINK	COHO	← Pit Stop	CHUM	PINK	← Speedy Mart
upstream of Chiniak Bay Road (live)	80	214			2	8	
carcasses upstream of road	16	2			0	4	
downstream of road (live)	494	638	3		323	592	
carcasses downstream of road	97	20			510	344	
TOTAL	687	874	3	= 1564	835	948	= 1783
