Substitute language for Proposal 183

5 AAC 33.376(b)(1) and (1)(B) are amended to read:

5 AAC 33.376. District 13: Deep Inlet Terminal Harvest Area Salmon Management Plan.

(b) ...

(1) salmon may be taken by purse seines and drift gillnets only during periods established by emergency order as follows:

...

(B) except as specified in (C) of this paragraph, the time ratio for gillnet openings to seine openings is two to one [, EXCEPT THAT BEGINNING WITH THE FIRST EMERGENCY ORDER OF THE 2012 SEASON THROUGH THE LAST EMERGENCY ORDER OF THE 2014 SEASON, THE TIME RATIO FOR GILLNET OPENINGS TO SEINE OPENINGS IS ONE TO ONE AFTER THE THIRD SUNDAY IN JUNE];

(C) beginning with the 2015 season, from the third Sunday in June through statistical week 30, the time ratio for gillnet openings to seine openings is one to one, except that during the 2016 and 2017 season if the postseason preliminary enhanced salmon harvest value data from the previous season indicates the seine gear group is within that group's enhanced salmon allocation percentage range, based on the five-year rolling average, as described in 5 AAC 33.364, the gillnet to seine ratio is two to one for the entire season: the provisions of this subparagraph do not apply after the 2017 season;
