

Proposal 224

## 5 AAC 29.100. MANAGEMENT OF THE SUMMER SALMON TROLL FISHERY.

(b) The department shall manage the summer king salmon troll fishery as follows:

(2) in order to provide for the harvest of the remaining portion of the king salmon harvest following any [a]coho salmon closure, the department shall manage the king salmon harvest as follows:

(D) if the department determines that the amount of king salmon remaining on the annual troll harvest ceiling is insufficient to allow a competitive fishery, the commissioner may, by emergency order, reopen the troll fishery to the taking of king salmon during which a limited harvest fishery is in effect subject to the following requirements:

- 1) a limited harvest fishery may be opened for up to 10 days, opening no earlier than September 1.
- 2) the remaining king salmon will be distributed equally amongst all troll participants.
- 3) king salmon retained during a limited harvest fishery must be kept separate from all other salmon on board.
- 4) both commercially sold and personal use king salmon retained during a limited harvest fishery count toward the harvest limit specified under the provisions of a limited harvest fishery.
- 5) a copy of fish tickets documenting commercially sold or personal use king salmon retained during a limited harvest fishery must be kept on board the vessel while operating gear in a limited harvest fishery and during transits to or from a port of landing.
- 6) fish tickets must be made available to a local representative of the department upon request.
- 7) following the end of a limited harvest fishing period, all king salmon must be offloaded prior to resuming fishing for other salmon species.
- 8) any provisions the commissioner determines necessary to conduct a limited harvest fishery.
