

This section of the harvest report must be filled out by the community coordinator and returned to ADF&G, accompanied by individual household surveys. This reporting form asks questions relevant to community subsistence hunt (CSH) community member use patterns of the moose CSH area, as defined in 2006-170-BOG. This report covers the period between January 1, 2013, and December 31, 2013.

1.) How many moose were harvested by members of your group/community in 2013?

2.) Approximately what percentage of the moose harvested by group/community members was processed by commercial game meat processors?

3a.) If households in your group/community are not successful in harvesting moose in the moose CSH area, what do they do for meat?

(In two or three sentences:)

3b.) If households in your group/community are not successful in harvesting other resources, including hare, game birds, salmon, and other non salmon fish in the moose CSH area, what do they do for meat?

(In two or three sentences:)

4.) How many members of your group/community **did not** travel to the moose CSH area during 2013 to take part in hunting, fishing, trapping or berry/green picking activities?

5.) How many people in your group/community customarily hunted, fished, trapped or picked berries/greens in the moose CSH area prior to 2007?

6.) How many members of your group/community or group have never participated in hunting, fishing, trapping or berry/green picking activities in the moose CSH area prior to registering for this hunt?

7.) How many members of your group/community have **never** been to the moose CSH area to participate in hunting, fishing, trapping or berry/green picking activities?

8.) How many households in your group/community have no historical ties to the moose CSH area?

historical ties include current and historical family relationships, or an established pattern of year-round use of the area.

9.) What efforts are community members making to continue or establish a generational pattern of use in the moose CSH area?

(limit to 1 paragraph)

10.) Describe 3 scenarios where youth from households in your community or group, aged 17 and under, actively participated in hunting, fishing, trapping, or gathering activities in the moose CSH area?

10a.)

10b.)

10c.)

11.) **2013** Community sharing event

11a.) On what date did a sharing event occur?

11b.) How many group/community members were present at this sharing event?

11c.) How many people who were not part of your group/community were present at this event?

11d.) Please briefly describe this community sharing event.

12.) How many elder households (household head aged 64+) were given moose by members of your group/community in 2013?

13.) Except for elder households, how many households without hunters were given moose in 2013?

14.) What strategies did members of your community employ to reduce fuel consumption to increase economic efficiency?

15.) How did members of your community pool resources (equipment, supplies) to increase efficiency?
