Clarence Kramer Mt. Goat Hunt Zone Closed

(Sitka) – Hunt managers set a harvest quota of 3 males or 1 female for the Clarence Kramer hunt zone of mountain goat hunt RG150 on Baranof Island. Quotas are based on the most recent aerial surveys. To date, three male goats have been harvested in the Clarence Kramer hunt zone of RG150. The management objective for this zone has been met. Harvest that exceeds objectives could lead to reduced hunting opportunity in the future.

Therefore, this zone is being closed by emergency order (EO) at 11:59 PM, Wednesday, October 19, 2022.

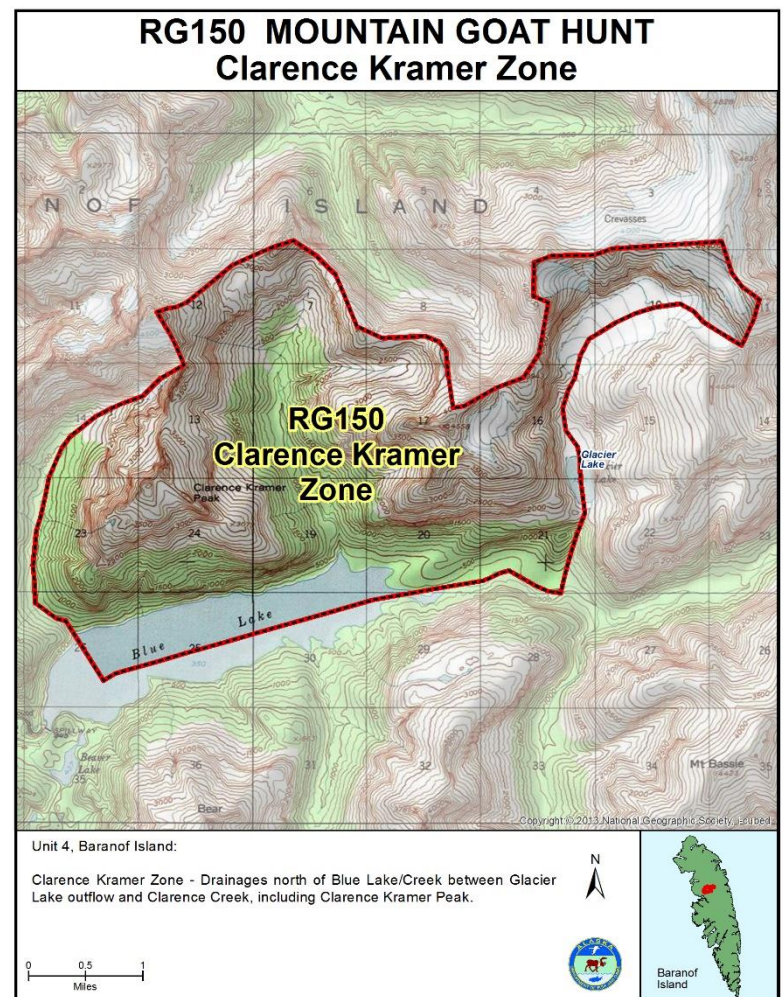

Emergency Order 01-15-22 was issued to close the mountain goat season in the Clarence Kramer Zone of RG150 on Wednesday, October 19, 2022 @ 11:59 PM.

Those portions of Unit 4 not affected by this emergency order will remain open until harvest quotas are reached or the season concludes.

Previous EO's are listed online at:
