

Submitted by Earl Krygier, Herman Savikko for Nelson Lagoon.

From ADF&G 2011 Annual Management Report
2011 Ugashik Sockeye Salmon

2011 Ugashik: provided continuous fishing opportunity from 6/29 to 7/30; over 30 days of continuous fishing.

Set nets fished 36 fewer hours than in 2010
Drift nets fished 36.5 fewer hours than in 2010

Ugashik escapement range is currently 0.5 – 1.2 Million
The 20-yr escapement range was 0.5 – 1.14 Million

Actual escapement in 2011 was 1.03 Million; this is very near the upper escapement range

The 20-yr catch average is 2.76 Million

The actual 2011 catch was 2.6 Million, well in line with the 20 year average.
