

Possible Plan for the Alitak Dist

Addressing over escapement concerns.

Nina Burkholder

The Dept. manage the Alitak Dist. Opening at 9AM closing at 6PM.

Within an 8 day period there shall be a min. 87 hr closed period.

Upon achieving the mid-range goal there shall be a min. of 64hr. closed period within an 8 day period.

Upon achieving 75% of the max goal, fishing periods maybe extended to within a 10 day period there shall be a 64 hr. closed period.

Upon achieving 95% of the max goal the Dept. may open terminal area's for no longer than a 10 day period with a min of 64hrs. closed.

At no time will there be any fishing period longer than 10 days providing for a min. of 64hrs closed to protect the full spectrum and genic diversity of all salmon streams in the Olga Bay system.
