

## 1% Rule Revision

Alaska Salmon Alliance

RE: Proposal 119 – Group 6

In support of RC 194, submitted by KPFA

The Alaska Salmon Alliance, which includes among its members several salmon buyers and processors in Cook Inlet, support RC 194.

We are confident that providing this opportunity will allow both areas to fish on abundance of sockeyes when in their respective areas while the season progresses as well as provide high quality products to the salmon market.

Paul Dale, President  
Alaska Salmon Alliance
