Subject: Southeast and Yakutat Finfish Proposal #176

Dear Mr. Kluberton:

Boards Support Section was contacted by the Chum Trollers Association in October 2014 regarding the lead-in language used as to describe their Proposal 176. The current lead-in language is:

PROPOSAL 176 - 5 AAC 33.364. Southeastern Alaska Area Enhanced Salmon Allocation Management Plan. Establish new enhanced salmon allocations by gear type, as follows:

In discussion with representatives from the Chum Trollers Association, their preference is for the lead-in language to read:

PROPOSAL 176 – 5 AAC 33.364. Southeastern Alaska Area Enhanced Salmon Allocation Management Plan. Develop harvest strategies compliant with the Southeast Enhanced Salmon Management Plan, as follows:

It is my expectation there will be representatives from the Chum Trollers Association at the meeting and they will be able to speak to this issue.

Sincerely,

A handwritten signature in blue ink that reads "Glenn Haight".

Glenn Haight
Executive Director

cc: Linda Danner, Chum Trollers Association
