

February 26,2015

The Yakutat fish and game advisory committee met for it's annual 2015 spring meeting and voted unanimously to withdraw proposal # 213 the 2015 S.E.proposal book. The reasons stated were that it would likely cause more confusion, not less.

This was to be withdrawn by an attending member, but unfortunately our chosen member was not able to attend do to conflicting schedules at the last minute. We regret the over sight.

Chairman- Casey Mapes
