

Alaska Department of Fish and Game  
August 19, 2016

**Table 1.** 2011–2015 Southern Southeast Inside Subdistrict sablefish longline fishery retained bycatch in round pounds by species and year based on fish ticket data and sablefish Annual Harvest Objective and harvest in round pounds for longline and pot gear combined.

Species	Year				
	2011	2012	2013	2014	2015
Sablefish <sub>Annual Harvest Objective</sub>	583,280	583,280	583,280	536,618	536,618
Sablefish <sub>Harvest</sub>	540,931	521,825	505,599	494,760	464,516
Pacific cod	4,567	10,899	5,681	8,770	12,621
Quillback rockfish	–	8	23	88	–
Redbanded rockfish	3,679	5,636	2,890	3,375	3,028
Rougheye rockfish	13,763	5,966	2,142	8,928	7,395
Shortraker rockfish	13,340	19,738	23,028	20,706	14,080
Silvergray rockfish	5	–	–	–	–
Skate, general	–	–	–	4,694	–
Skate, long nose	–	–	–	–	2,275
Thornyhead rockfish	24,021	26,087	22,384	22,222	23,913
Tiger rockfish	–	–	–	–	2
Yelloweye rockfish	–	–	10	41	–
Yellowtail rockfish	–	4	–	–	–

**Table 2.** 2011–2015 Southern Southeast Inside Subdistrict sablefish longline survey bycatch in number of fish by species and year.

Species	Year				
	2011	2012	2013	2014	2015
Arrowtooth flounder	270	245	145	147	148
Dover sole	6	15	63	44	40
General groundfish	–	12	6	–	2
Halibut	424	834	728	1,433	1,378
Lingcod greenling	–	1	–	4	–
Octopus	–	–	–	1	–
Pacific cod	82	137	52	152	290
Pacific hagfish	337	561	344	327	1,087
Pacific sleeper shark	2	4	–	–	–
Pollock, walleye	1	2	2	5	7
Ratfish	99	189	205	121	104
Redbanded rockfish	26	37	40	30	47
Rougheye rockfish	22	47	20	56	73
Shortraker rockfish	29	69	37	41	122
Skate, big	–	2	–	–	–
Skate, general	179	466	275	291	429
Skate, long nose	276	627	345	472	390
Spiny dogfish shark	417	632	177	297	223
Thornyhead rockfish	753	503	535	571	629
Yellowtail rockfish	–	1	–	1	–

**Table 3.** Allowable bycatch rates in Southern and Northern Southeast Inside subdistrict sablefish fisheries by gear type. Rates are expressed as a percentage of the weight of sablefish onboard the vessel.

Northern and Southern Southeast Inside subdistrict longline

- i. 0% lingcod;
- ii. 1% demersal shelf rockfish;
- iii. 7% shortraker and rougheye rockfish in aggregate;
- iv. 15% all other rockfish and thornyheads in aggregate;
- v. 20% Pacific cod;
- vi. 35% spiny dogfish;
- vii. 20% other groundfish in aggregate.

Southern Southeast Inside Subdistrict pot gear

- i. 0% lingcod;
- ii. 0% DSR;
- iii. 0% all other rockfish and thornyheads;
- iv. 20% Pacific cod;
- v. 20% spiny dogfish;
- vi. 20% other groundfish in aggregate.
