Proposal 82-

INTERIOR BOARD OF GAME MEETING COMMENTS- CONT			
BOG or BOF	Proposal Number	Proposal Description	
Supports or Opposes?	Number Support	Number Oppose	Comments/Discussion (list Pros and Cons)/Amendments to Proposal
TOK AREA – UNITS 12 & 20E			
BOG	82	Limit Glacier Valley Mountain Controlled Use Area to walk-in only for sheep hunting.	
Support w/AM	7	0	This proposal was written by our AC, and we would like to clarify that the intent of the proposal was to allow walk-in only for sheep hunters. Pack animals could still be used for hunting all other game species.
BOG	88	Modify the Upper Yukon/Tanana Predation Control Program.	
-			The AC was updated on the potential challenges that the Department will present to the BOG with this proposal.

At this time, the Upper Tanana Fortymile AC wishes to withdraw the following proposals that they submitted. The AC realizes that the Board of Game can choose to still proceed with these proposals if they so choose.

BOG	85	Establish a registration hunt for Nelchina caribou in Unit 12.	
WITH DRAWN			The AC wishes to withdraw this proposal at this time.
BOG	86	Modify resident bag limit for moose in portions of Units 12 and 20D.	
WITH DRAWN			This proposal was submitted in the spring of 2013 before the fall 2013 moose surveys were completed. After those surveys were completed and the data analyzed, the AC no longer believes that this proposal should be passed and wishes to withdraw it at this time.

Danny Grangaard is the elected representative for the AC for the Interior BOG meeting
