Nissa,

An email I received re: Comment to Board of Game regarding Delta Bison Interim Management Plan.
Darren Bruning
Delta Junction

This bill is just wrong and needs to be put down! If there is that much of a problem maybe the land owners shouldn't be allowed to charge a fee to hunt on their land. I was just up there last week with a buddy, it cost him 350.00 for what is called a trespass fee to hunt, so maybe the farmers should use their trespass fees to pay for a fence. Also the property we were hunting the fee only applied if you killed a bison. I understand some property owners charge regardless, whether you get a bison or not. Sounds like they want our money on both ends of this hunt. Whats next a tax on driving though Delta Junction. Thank you for your time. Bob Brunke
