Resolution 2014-01

Title: Support Hunting Regulations to Protect Game on the Tanana Highway to Tanana

Whereas: the Manley Village Council is a federally recognized tribe and the governing body for the Village of Manley Hot Springs, and

Whereas: a road from Manley to Tanana is being constructed and,

Whereas: the community of Tanana feels that with the road to their community, the impact will have both a positive and negative side and,

Whereas; the negative side would be the relentless hunters during hunting season that would have an impact on the game and,

Whereas; regulations and most of all enforcement would be the key to stopping illegal hunting and over harvesting of game.

Therefore be it resolver that, a controlled use area, a corridor extending for two miles on either side of the new road to Tanana would help with the over harvesting , the want and waste of game whether small or big game along this new road.

Certification

This resolution was duly passed and adopted at a regular meeting of the Manley Village Council on this date Jan 31, 2014.
