

RC 51

### **Guide – Client Agreement alternatives for Board of Game**

- Current NR draw application remains essentially the same
- DCCED –Division of Occupational Licensing will provide confirmation of current guide use area (GUA) and hunt period GUA registration for the identified guide
- Guide provides “confirmation” to Occupational Licensing of the contract with the client
- Division of Occupational Licensing provides a confirmation number to the Registered or Master Guide upon their confirmation of current and future registration for the GUA
- This confirmation will also provide the guide verification that he or she has a contract with the NR draw applicant
- The drawing application form will have a location to enter the confirmation number for those hunts that currently require a guide-client agreement
