As of Sunday evening, October 15, 2023, at least 29 bulls have been harvested under Federal and State hunting regulations and with rumors of at least one more having been harvested indicating the harvest objective has likely already been met.

This emergency order (R1-12-23) closes the state season on Monday, October 16, 2023@11:59 pm. The United States Forest Service will also issue a news release closing the federal season in this area effective October 16, 2023.
