JUSTIFICATION:

This portion of the Unit 1C, South Tracy and North Endicott have a total of 18 point available, with 9 points in South Tracy and 9 points in North Endicott. As of November 20th, all the available points were harvested in these two areas. After 3 years without surveys, ADF&G was able to conduct surveys in the Tracy and Endicott arms in late October, 2023. These surveys indicated current harvest levels are appropriate, and these areas should be closed. An Emergency Order (R1-20-23) was issued that closes the mountain goat season in this area on Wednesday, November 22, 2023 @ 11:59 pm.
