Goat Hunt Closes Near Cordova

Cordova – Registration permit hunt RG230 for mountain goats east of Cordova in the McKinley Peak/Saddlebag Glacier area will close at 11:59 pm on October 20 by emergency order of the Alaska Department of Fish and Game.

Recent aerial surveys determined a population of approximately 170 goats in registration permit area RG230. Maximum allowable harvest this year under the State of Alaska hunt was set at 8 goats. Reported harvest is now 4 billies and 2 nannies. Nannies count as 2 goats toward the harvest quota.

The closure affects only registration permit hunt RG230 in Unit 6(C). All other goat hunts areas in Game Management 6 are unaffected by this closure.
