....

The remainder of Unit 1D mountain goat seasons, other than those previously closed by emergency order, are not affected by this emergency order.

Cora Campbell  
Commissioner

By delegation to:

  
Stephanie Sell

Asst. Area Management Biologist

JUSTIFICATION:

Biologists have set a combined guideline harvest objective of 2-3 points (male goats=1 point & female goats=2 points) for the hunt area between Dayebas Creek north to Kasidaya Creek, and east to the Canadian border. As of Friday, October 26, 2012, 2 goats have been harvested in this area, including 1 female for a total of 3 points. Additionally, in 4 of the 5 past years this area has exceeded the guideline harvest level. Due to the vulnerability of goats in this area, and because the guideline harvest level has been met, an emergency order (01-09-12) is being issued effective at 11:59 pm, Saturday, October 27, 2012.
