**JUSTIFICATION:**

This emergency order closes the elk hunting season by registration permit RE755 on Afognak Island in the East Afognak hunt area. This portion of the registration permit hunt area closes at 11:59 p.m. on November 11, 2022. The elk herds comprising this portion of the hunt area are estimated to include a total 215 elk. To maintain a stable to slightly increasing population, a harvest objective of 22 elk was established for the hunt area which also includes drawing hunts. As of November 8, 2022, the reported harvest in this area is 20 elk. Harvest is expected to meet the harvest objective by the close of the season announced in this emergency order. The closure is necessary to prevent harvest beyond established harvest objectives, which may impede herd productivity and growth.
