

ALASKA BOARD OF GAME
88-44-GB
DELEGATION OF AUTHORITY

The Board of Game delegates to the commissioner of Fish and Game authority to adopt as emergency regulations and to make permanent changes to the hunting regulations made by the board at the March 1988 meeting. This delegation is based on information from the department that the public notice of the March 1988 meeting was not published in a newspaper and therefore the regulations from that meeting are not in full compliance with the Administrative Procedures Act. Emergency regulations are now necessary because permit issuance and the hunting seasons are fast approaching.

ADOPTED: July 6, 1988

BRENDA JOHNSON, CHAIRMAN
ALASKA BOARD OF GAME
