¹ This investigation was partially financed by the Federal Aid in Sport Fish Restoration Act (16 U.S.C. 777-777K) under Project F-10-7, Job No. R-3-5.

The Special Publications series was established in 1991 for the publication of techniques and procedures manuals, informational pamphlets, special subject reports to decision-making bodies, symposia and workshop proceedings, application software documentation, in-house lectures, and other documents that do not fit in another publication series of the Division of Sport Fish. Special Publications are intended for fishery and other technical professionals. Distribution is to state and local publication distribution centers, libraries and individuals and, on request, to other libraries, agencies, and individuals. This publication has undergone editorial and peer review.

The Alaska Department of Fish and Game receives federal funding. All of its public programs and activities are operated free from discrimination on the basis of race, religion, sex, color, national origin, age, or handicap. Any person who believes he or she has been discriminated against by this agency should write to:

ABSTRACT

This report contains a listing of persons and businesses that provide guiding services for recreational fishing in the Arctic-Yukon-Kuskokwim (AYK) Region. From two mailings totalling 324 questionnaires, 93 guides indicated that they provided services in the AYK Region. Those responses are listed and indexed by service, species and area.

KEY WORDS: Sport fishing, guiding services, northern Alaska, float trips, fly in trips, lodges, fish.

PREFACE

This report contains a listing of commercial services offering sport fishing guiding and outfitting, and related activities, in the Arctic-Yukon-Kuskokwim (AYK) Region, effective to 1990. It was compiled by staff of the Sport Fish Division, Alaska Department of Fish and Game (ADF&G), Fairbanks, to provide information to the sport fishing public about the types of commercially available services in the region. The listing contains only those businesses expressing an interest in participating in this listing. The type of services offered and the name and address of the business are referenced by area of the region (Figure 1), and the species of fish normally available during a trip. Many of the businesses provided brochures, which are on file at the ADF&G office in Fairbanks, and are available for inspection upon request. No promotion of any guide service or recommendation as to the quality of a particular service is implied by its listing in this report.

SECTION I: LIST OF SPORT FISHING GUIDES IN THE A-Y-K REGION

Section I: This section provides a list of the guiding services available, addresses of guides, and a short description of the type of services offered by each.
