

Outreach & Education Projects - Alaska Sustainable Salmon Fund

List of Funded Projects 2000-2008

Current to 12/31/08

Project Number	Project Title	Yr	Project Description	Agency / Organization	NOAA Objective	Start Date	End Date	Total SSSF Funds	Location
45007	Instream Flow and Other Salmon Habitat Needs	1	Facilitate interdepartmental coordination to meet habitat needs of salmon stocks.	Alaska Office of the Governor	O&E	11/1/01	1/1/03	\$216,300	Southeast
45011	Stakeholder	1	Provide public participation in selecting projects to benefit salmon stocks and fisheries.	ADF&G - Office of the Commissioner	O&E	11/1/00	7/31/05	\$421,991	Southeast
45029	Salmon Publication and Teacher's Guide - Year 1	1	Update the Alaska Salmon publication with information on the interaction of salmon and their habitats and how AK has worked to maintain healthy salmon stocks.	ADF&G - Office of the Commissioner	O&E	7/1/01	6/30/05	\$144,200	Statewide
45031	Oceans and Watersheds Symposium	1	Bring together scientists and interested Alaskans to further our understanding of the oceans and watersheds that support salmon.	Exxon Valdez Oil Spill Trustees Council	O&E	12/1/01	12/1/02	\$48,035	Statewide
45032	Sheldon Jackson Wetlab	1	Educate both students and visitors about Pacific salmon, their habitats, and their sustainability.	Sheldon Jackson College	O&E	2/1/02	6/30/03	\$20,898	Southeast
45033	Fisheries Education Signage Sitka Harbor	1	Install informative signs in visitor traffic areas of the Sitka harbors.	City of Sitka	O&E	2/1/02	9/30/03	\$8,240	Southeast
45035	Information Development and Exchanges	1	Develop information exchanges among the Columbia River Inter-Tribal Fish Commission, the State of Alaska, and Alaska Native organizations to help build ties.	City of Angoon	O&E	2/1/02	12/1/03	\$46,347	Southeast
45038	Technical Assistance to Southeast Sustainable Salmon Fund Project	1	Provide technical assistance and scientific expertise to the agency's sustainable salmon initiative, with focus on SSSF.	ADF&G - Office of the Commissioner	O&E	7/1/01	6/1/03	\$102,003	Southeast
45039	Deer Mountain Tribal Hatchery Educational Raceway	1	Design and installation of an educational raceway at the tribal hatchery, which will serve to educate the public about salmon and their habitat needs.	Ketchikan Indian Corporation	O&E	1/1/02	6/30/04	\$45,277	Southeast
45054	Associate of Applied Science in Fisheries Technology - University of Alaska Southeast	1	Establish an education program to develop well-rounded fisheries technicians with a broad background in the practical and academic skills of fish and invertebrate culture.	University of Alaska - Ketchikan	O&E	8/1/01	6/30/04	\$139,431	Southeast
45072	Information Exchanges - Year 1	1	Continue to facilitate exchanges between organizations having shared interests in Pacific salmon in the Pacific Northwest and Southeast AK. Complete and distribute video and associated written materials, regarding shared salmon resources.	ADF&G - Office of the Commissioner	O&E	5/1/04	6/30/05	\$25,303	Southeast
45115	Salmon Education Needs Assessment	2	Inventory curricula about AK's wild salmon and salmon industry that are currently available in Southeast AK schools, conduct needs assessment for new materials, and identify training requirements.	ADF&G - Commercial Fisheries Division	O&E	2/1/03	6/30/06	\$13,522	Southeast
45121	Haines Office/Lab Upgrades/Replacement - Year 1	2	Replace and upgrade an existing pre-statehood facility that is marginally functional with a new energy efficient modular office/lab facility. The facility will include many features that currently do not exist, but are necessary to better manage the fisheries in Lynn Canal	ADF&G - Commissioner's Office	O&E	6/1/06	7/31/06	\$77,250	Southeast
45345	Haines Office/Lab Upgrades/Replacement - Year 2	2	Replace and upgrade an existing pre-statehood facility that is marginally functional with a new energy efficient modular office/lab facility. The facility will include many features that currently do not exist, but are necessary to better manage the fisheries in Lynn Canal	ADF&G - Commissioner's Office	O&E	6/1/06	7/31/06	\$30,900	Southeast
45088	Angler's Guide to Salmon Fishing in Alaska	3	A waterproof salmonid game-fish ID and conservation pocket guide for anglers will be produced. One side will provide clear identification images and information on AK's salmonid game fish and basic salmon anatomy. The other will provide anglers with conservation information on proper catch and release techniques, how to reduce impacts to salmon habitat, and how to identify and prevent transporting invasive species detrimental to salmonid populations. The guide will include messages about the importance of salmon to AK's ecosystems, economy, and way of life; about sustaining this resource now and into the future; making sure anglers know that they need a valid AK sport fishing license when engaged in fishing; and information on checking regulations for fishing areas, catch, and possession limits.	ADF&G - Commissioner's Office	O&E	5/15/07	6/30/07	\$88,293	Statewide
45205	UFA: Subsistence Education - Year 1	3	Funds a subsistence management information program to educate the public about subsistence regulations and the regulatory process.	United Fishermen of Alaska (UFA)	CD: O&E	7/1/02	6/30/04	\$250,000	Statewide

Outreach & Education Projects - Alaska Sustainable Salmon Fund
List of Funded Projects 2000-2008
Current to 12/31/08

Project Number	Project Title	Yr	Project Description	Agency / Organization	NOAA Objective	Start Date	End Date	Total SSSF Funds	Location
45206	Legislative Salmon Task Force	3	Hold public meetings and report to the Legislature on industry and legislative changes needed to help ensure a successful salmon industry in AK.	Alaska State Legislature	O&E	7/1/02	5/31/04	\$368,440	Statewide
45279	Haines Office/Lab Upgrades/Replacement - Year 4	3	<i>This project is a continuation of SSSF Project 45702.</i> The goal these projects is to replace the existing substandard Haines office with a new 1,700 sq. ft. energy efficient upgraded modular facility that is comprised of office/work spaces, a small public meeting/conference room, a functional dry lab for fisheries research, additional storage, and upgraded communications and technology capabilities. Additionally, we will improve safety and reduce any environmental fuel spill impacts to the area with the installation of an explosion proof fuel storage unit with built-in secondary containment features	ADF&G - Commissioner's Office	O&E	5/8/07	6/30/07	\$93,547	Southeast
45283	Salmon Publication Teacher's Guide and Distribution - Year 2	3	<i>SSSF project 45029 funded the production "Alaska's Wild Salmon" and associated teacher's guide.</i> This project is to ensure adequate funding remains available for distribution and possible reprinting of this volume.	ADF&G - Office of the Commissioner	O&E	7/1/04	6/30/07	\$39,256	Statewide
45288	Information Exchanges - Year 2	3	Continue to facilitate exchanges between organizations having shared interests in Pacific salmon in the Pacific Northwest and Southeast AK. Complete and distribute video and associated written materials regarding shared salmon resources.	ADF&G - Commissioner's Office	O&E	7/1/05	6/30/07	\$7,260	Southeast
45453	UFA: Subsistence Program - Year 2	4	Foster public awareness of and involvement in, the federal subsistence regulatory and management programs in AK. The value to the public derives from a better understanding of subsistence regulations and an increased participation in the regulatory process, resulting in improved coordination between State and Federal management.	United Fishermen of Alaska (UFA)	CD: O&E	3/1/04	12/31/04	\$99,000	Statewide
45479	University of Alaska Southeast – Ketchikan: Fisheries Technology Distance Delivery	4	Convert the Atomic Absorption Spectrophotometry and Certificate of Fisheries Tech to a web based delivery format. This will allow rural Alaskans and salmon enhancement workers to access a college degree program while still living in their communities or maintaining employment.	University of Alaska Southeast (UAS)	O&E	8/1/05	6/30/06	\$25,750	Southeast
45482	DCCED: Boston Seafood Show - Southeast Alaska Event	4	The State of Alaska will host a second AK event, the Go Wild in Alaska Style: 2006 Boston, administered through the DCCED to build on the 2005 event, and to promote other positive salmon consumption trends in the US. This year's event, is similar to the 2005 event, with a Southeast AK salmon theme.	Department of Commerce, Community, and Economic Development (DCCED)	CD: O&E	3/15/06	3/5/07	\$55,759	Southeast
45499	Thematic Mapping of Southeast Alaska Salmon Fisheries	4	The Alaska Department of Labor and Workforce Development, Research and Analysis Section will generate robust, full-size maps and charts, utilizing in-house data and resources, ADF&G data, and Limited Entry Commission data, using a large-scale plotter. Maps and charts are important in demonstrating the economic impact and value of the Southeast AK salmon fishery. This project will fill an unmet need, making it possible to display salmon fisheries-related data on a single map at a higher level of detail than is possible with a standard printer because a plotter can make large maps, insets of tables, charts, graphs, and text can be included.	Department of Labor	O&E	12/11/06	6/30/07	\$5,150	Southeast
45511	MOA: Salmon in the City - Stewardship Initiative (DNR)	5	The Salmon in the City™ stewardship initiative is designed to: 1) improve public understanding/actions supporting salmon sustainability in Anchorage, 2) build public support for rejuvenating/maintaining local salmon populations, 3) enhance salmon-related fishing/recreational experiences, and 4) demonstrate City leadership in the protection/restoration of salmon resources. This project provides for the Campbell Creek Interpretive Trail and activities that support awareness of salmon and salmon restoration activities in Anchorage.	Department of Natural Resources - Alaska State Parks (DNR)	CD: O&E	3/1/06	6/30/09	\$232,780	Southcentral (Cook Inlet)

Outreach & Education Projects - Alaska Sustainable Salmon Fund

List of Funded Projects 2000-2008

Current to 12/31/08

Project Number	Project Title	Yr	Project Description	Agency / Organization	NOAA Objective	Start Date	End Date	Total SSSF Funds	Location
45512	MOA: Salmon in the City - Stewardship Initiative (ADF&G)	5	The Salmon in the City™ stewardship initiative is designed to: 1) improve public understanding/actions supporting salmon sustainability in Anchorage, 2) build public support for rejuvenating/maintaining local salmon populations, 3) enhance salmon-related fishing/recreational experiences, and 4) demonstrate City leadership in the protection/restoration of salmon resources. This project provides for development of a branding logo, fact sheet, mobile outreach displays, and salmon habitat/stewardship awareness video PSAs.	ADF&G - Sport Fish Division	CD: O&E	3/1/06	6/30/09	\$45,945	Southcentral (Cook Inlet)
45513	MOA: Salmon in the City	5	The Salmon in the City™ stewardship initiative is designed to: 1) improve public understanding of actions residents can do to achieve salmon sustainability in Anchorage, 2) build strong public support for rejuvenating and maintaining local salmon populations, 3) enhance resident and visitor fishing and recreation experiences, and 4) demonstrate City leadership in the protection and the restoration of salmon resources.	Municipality of Anchorage (MOA)	CD: O&E	3/1/06	6/30/09	\$320,343	Southcentral (Cook Inlet)
45517	UFA: Subsistence Education - Year 3	5	Foster public awareness of and involvement in the federal subsistence regulatory and management programs in AK. The value to the public derives from a better understanding of subsistence regulations and an increased participation in the regulatory process, resulting in improved coordination between State and Federal management.	United Fishermen of Alaska (UFA)	CD: O&E	10/1/04	12/31/05	\$98,453	Statewide
45530	KRSA: Kenai River Educational Radio Transmitter	5	The objective of this project is to distribute real time fisheries information to the public through the use of low wattage AM radio recorded message transmitters. Maintaining an informed angling public is vital to the success of fisheries management.	ADF&G - Sport Fish Division	CD: O&E	5/15/07	10/31/08	\$1,547	Southcentral (Cook Inlet)
45546	YRDFA: Fisheries in the Classroom	5	Three rural schools will be selected to participate in the 4-H Natural Resource and Youth Development Program. Participating schools will receive financial support from YRDFA to purchase classroom incubator equipment, to attend in-service training, and receive support from Cooperative Extension Service and YRDFA staff.	Yukon River Drainage Fisheries Association (YRDFA)	CD: O&E	5/24/05	6/30/07	\$25,198	AYK (Yukon River)
45601	UFA: Subsistence Education - Year 4	6	Foster public awareness of and involvement in the federal subsistence regulatory and management programs in AK. The value to the public derives from a better understanding of subsistence regulations, and an increased participation in the regulatory process.	United Fishermen of Alaska (UFA)	CD: O&E	7/1/05	12/31/06	\$97,985	Statewide
45622	AFDF: Educational Outreach - OK	6	This project has been an ongoing component of Alaska Fisheries Development Foundation (AFDF) activities; to facilitate a greater level of understanding both within the Alaskan seafood industry and the general public regarding Alaska's salmon fisheries, their realities and potential.	Alaska Fisheries Development Foundation (AFDF)	CD: O&E	1/1/06	9/27/07	\$255,988	Gulf of Alaska
45630	ASLC: Educational Display that Demonstrates the Complex Natural History of Salmon	6	This project will fund the development of an educational display that demonstrates the complex natural history of salmon in AK. This display/exhibit will educate people about the natural history of Alaskan salmon. The display/exhibit will begin in our southern upstairs gallery immediately after the guests see Steller sea lions, seals and eiders, and have the opportunity to learn about and interact with coldwater marine organisms.	Alaska SeaLife Center (ASLC)	CD: O&E	3/15/06	3/31/08	\$468,652	Southcentral (Cook Inlet)
45638	ASLC: Education and Outreach - Restore Salmon at Resurrection Bay	6	Outreach and education programs for adult and youth audiences will share salmon research and restoration information with the public. Public interest in salmon and salmon research encourages environmental stewardship and responsible management of salmon resources.	ASLC	O&E	8/15/06	6/30/09	\$306,996	Southcentral (Cook Inlet)

Outreach & Education Projects - Alaska Sustainable Salmon Fund

List of Funded Projects 2000-2008

Current to 12/31/08

Project Number	Project Title	Yr	Project Description	Agency / Organization	NOAA Objective	Start Date	End Date	Total SSSF Funds	Location
45662	KWC: Outreach and Education	6	KWC proposes to develop an exciting, eye-catching brochure that will educate the local population regarding the importance and methods of maintaining a healthy watershed resulting in sustainable habitat for salmon. It will be distributed to every home, school, business, and to the visitor industry in Klawock and Craig, AK.	Klawock Cooperative Association for Klawock Watershed Council (KWC)	CD: O&E	3/26/07	12/31/07	\$17,876	Southeast
45664	AFDF: Salmon Byproduct Documentary	6	This project funds the production of an educational video documenting the use of salmon byproducts as a sustainable source of omega-3 fish oil.	Alaska Fisheries Development Foundation (AFDF)	CD: O&E	8/1/07	11/1/08	\$133,458	Statewide
45666	Arctic-Yukon-Kuskokwim Sustainable Salmon Initiative (AYK SSI): Alaska Native Science and Engineering Program - Phase 1	6	Over a five year period within the AYK region and the state, Alaska Native Science & Engineering Program will develop and implement a sustainable longitudinal educational pathway that leads Alaska Native and rural students from their sophomore year in high school through University graduation with a Fisheries or related Biological Science degree. This project funds the first 2.5 years of the program. <i>Phase 2 will be funded by SSSF separately as project 45715.</i>	University of Alaska - Anchorage (UAA)	CD: O&E	11/15/07	6/30/10	\$509,609	AYK
45688	AFDF: Education and Outreach FY08	6	This project builds upon AFDF's past efforts in supporting efficiencies in the salmon harvesting and processing industry by collaborating with Alaska Sea Grant College Program in producing materials on salmon handling, processing, and products; convening two technology transfer forums at 2007 Pacific Marine Expo for industry members to discuss emerging processing and handling techniques for salmon flesh and salmon processing waste; and developing a web-based seminar series with Global Food Collaborative specifically to address advances in handling, processing, and recovery of value with Alaska salmon. <i>This project is one of two that continues work begun in SSSF project 45622. See also 45689.</i>	Alaska Fisheries Development Foundation (AFDF)	CD: O&E	10/8/07	6/30/08	\$28,246	Statewide
45698	MOA: Campbell Creek Fish Habitat Rehabilitation - Phase 2, Part B	6	This project funds ADF&G habitat and streambank restoration staff to 1) consult on the streambank restoration projects managed by the MOA under SSSF project numbers 45643 and 45779 (Part A), and 2) conduct a 2-day workshop in the Anchorage area to teach proper restoration techniques and their appropriate application.	ADF&G - Sport Fish Division	CD: O&E	2/15/08	06/30/09	\$10,403	Southcentral (Cook Inlet)
45701	UFA: Subsistence Education - Year 5	7	Provide information on and raise public awareness regarding subsistence fisheries and management to under-represented groups/citizens via newsletters, website, office presence, and informational presentations.	United Fishermen of Alaska (UFA)	CD: O&E	10/19/06	6/30/08	\$98,026	Statewide
45702	Haines Office/Lab Upgrades/Replacement - Year 3	7	Replace and upgrade an existing pre-statehood facility that is marginally functional with a new energy efficient modular office/lab facility. The facility will include many features that currently do not exist in the current structure, but are necessary to better manage the fishery.	ADF&G - Commissioner's Office	O&E	10/31/06	6/30/07	\$77,250	Southeast
45715	Arctic-Yukon-Kuskokwim Sustainable Salmon Initiative (AYK SSI): Alaska Native Science & Engineering Program - Year 5	7	Over a five year period within the AYK region and the state, Alaska Native Science and Engineering Program will develop and implement a sustainable longitudinal educational pathway that leads Alaska Native and rural students from their sophomore year in high school through University graduation with a Fisheries or related Biological Science degree. This project funds Year 5 of the program. <i>Years 1-4 are funded in 45666.</i>	University of Alaska - Anchorage	CD: O&E	1/1/07	6/30/11	\$154,500	AYK
45741	ASLC: Salmon Exhibit Tank Inserts	7	This project will fund design, construction, and installation of a more realistic and educationally rich salmon exhibit for ASLC visitors through the addition of lifelike molded habitat and rock structures (tank inserts) to the existing display funded with SSSF project 45630.	Alaska SeaLife Center (ASLC)	CD: O&E	1/1/07	12/31/07	\$92,700	Southcentral (Cook Inlet)

Outreach & Education Projects - Alaska Sustainable Salmon Fund

List of Funded Projects 2000-2008

Current to 12/31/08

Project Number	Project Title	Yr	Project Description	Agency / Organization	NOAA Objective	Start Date	End Date	Total SSSF Funds	Location
45855	Mat-Su Fish Habitat Restoration Workshop	8	This project will use a two-day Restoration Workshop to deliver essential fish life cycle and habitat educational information, a fish habitat restoration curriculum, and bio-technical restoration technique information to the Mat-Su Borough staff, state and federal agencies, municipalities, watershed groups, non-profit organizations, conservation groups, contractors, and private consultants.	ADF&G - Sport Fish Division	O&E	5/29/08	10/31/08	\$12,875	Southcentral (Cook Inlet)
