# ALASKA BOARD OF FISHERIES

## LONG-TERM MEETING CYCLE

The board meeting cycle generally occurs from October through March. The board considers changes to regulations on a region-based schedule. All fisheries are considered when the regional area, shellfish species, or statewide regulations are before the board. The fisheries include subsistence, sport, guided sport, personal use, and commercial. Special petition and agenda change request procedures are available for the board to consider out-of-cycle requests.

### NOTES:

1) Statewide shellfish regulations will not be considered every meeting cycle. When setting the future meeting schedule annually, the board will determine whether to consider statewide finfish or shellfish regulations for that meeting cycle.

2) The proposal deadline is April 10 every year. *If April 10 falls on a weekend, the proposal deadline is the Friday preceding that weekend.*
