meeting. Advisory committee representatives are ex-officio advisors to all board committees and may move between board committees as they choose. The purpose of the committee process is to: 1) broaden public participation in the regulatory process; 2) provide another forum for stakeholders to discuss resolution of contentious issues; and 3) provide additional detailed information relative to proposals. Committee of the Whole will serve as the committee structure for this entire meeting. Under Committee of the Whole all board members will join and full audience participation is encouraged.
