Kim,

The Atlas revisions and the intro pages arrived yesterday. Thanks.

While using the Arctic volume yesterday, I noticed two things that should be corrected in the next edition. On the maps, there is no 'meridian' (e.g., Kateel River Meridian, Seward Meridian) listed. It would be really helpful to have this listed on the individual maps or perhaps drawn in on the User Guide reference map for each regional atlas.

In the Catalog, Teshekpuk Lake has been changed to 330-00-10900-2055-0010. However, in the Atlas on maps Teshekpuk B-1, B-2, C-1, C-2 and Harrison Bay C-5, the number for Teshekpuk Lake reads 330-00-10900-2155-0010.
