Dear Nathan,

Thank you for working with me and the Bering Straits Coastal Management Program on anadromous fish streams.

As we discovered during our work, I did not have a complete set of maps for your documentation of anadromous fish within our region. To complete our anadromous fish stream nominations, I need you to document the upper extent of the fish migration in the streams and rivers you have nominated.

Enclosed is an addressed envelope to return the maps to the BSCMP upon your completion. With your accurate documentation, perhaps we can protect the resources we depend on for our subsistence needs.

Thank you for taking the time to complete your nominations.

Sincerely Yours,

Jerry Ivanoff
Hunter and Fisherman

P.S. Since I resigned my position as BSCRSA Coordinator on February 28, 1986, I would like to thank you one last time for making our work enjoyable in your village.
