Species	Date(s) Observed	Spawning	Rearing	Migration
<u>Sockeye</u>				

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Victor Karmun  
F98 advisory committee chairman caught sockeye there  
for many years

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.

Brian Bigler identified the observer of  
the salmon in Buckland River as Victor Karmun  
of Kotzebue. He apparently had been working in  
the village of Kotzebue
