OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous
Coho	10/30/2003	X		X	<input checked="" type="checkbox"/>
					<input type="checkbox"/>
					<input type="checkbox"/>
					<input type="checkbox"/>
					<input type="checkbox"/>

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments: We walked this creek from the mouth to the Shotgun Cove Road Bridge. Just below the bridge is a waterfall; which is a barrier to fish passage. From the mouth to the waterfall we saw approximately 10 (ten) adult coho salmon. Please see attached map and photos.

Add new stream w/ COS

Name of Observer (please print): Betsy McCracken, Matthew LaCroix
 Signature: [Signatures] Date: 4/22/2004
 Address: ADNR/OHMP 550 W. 7th Avenue, Suite 1420
Anchorage, AK

This certifies that in my best professional judgment and belief the above information is evidence that this waterbody should be included in or deleted from the Fish Distribution Database.
