OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous
coho	8/24/1994		14		<input checked="" type="checkbox"/>
rainbow trout	8/24/1994		2		<input type="checkbox"/>
coho	9/10/1998		2		<input checked="" type="checkbox"/>
					<input type="checkbox"/>
					<input type="checkbox"/>

IMPORTANT: Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments: See attached 1994 memo and 1998 field notes documenting trapping efforts. Stream not nominated at time. Culvert still perched, step pools washed out, but ARRC will be fixing with upcoming improvements. Add to just above railroad crossing.

*CC added to this stream for
