A map of Alaska with a blue line representing a stream. The line starts in the upper left, curves south, then east, and then south again. A callout box with a yellow background and black border points to the stream. The text inside the box is: "add new stream 221-60-11370-2060 w/pink salmon spawning, use arc2014 for hydro". There are also two small blue circles connected by a thin blue line on the right side of the map.
