OBSERVATION INFORMATION

| Species        | Date(s) Observed               | Spawning | Rearing                                   | Present | Anadromous               |
|----------------|--------------------------------|----------|---|---------|--------------------------|
|                |                                |          |   |         | <input type="checkbox"/> |
| <u>Revised</u> | <u>hydrography, repetitive</u> |          | <u>etc, shorter stream, noted barrier</u> |         | <input type="checkbox"/> |
|                |                                |          | <u>- 2010</u>                             |         | <input type="checkbox"/> |
|                |                                |          |   |         | <input type="checkbox"/> |

**IMPORTANT:** Provide all supporting documentation that this water body is important for the spawning, rearing or migration of anadromous fish, including: number of fish and life stages observed; sampling methods, sampling duration and area sampled; copies of field notes; etc. Attach a copy of a map showing location of mouth and observed upper extent of each species, as well as other information such as: specific stream reaches observed as spawning or rearing habitat; locations, types, and heights of any barriers; etc.

Comments:

On November 6, 2013, I used a Garmin GPS to locate the 20-foot high barrier located below the Shotgun Cove Road bridge and located the correct location of the creek. Please revise the location of the creek and add the barrier (Figures 1 and 2).

Name of Observer (please print): Will Frost, Habitat Biologist  
 Signature: Will Frost Date: 11/7/2013  
 Agency: ADF&G, Division of Habitat  
 Address: 333 Raspberry Road  
Anchorage, AK 99518

This certifies that in my best professional judgment and belief the above information is evidence that this waterbody should be included in or deleted from the Anadromous Waters Catalog.

Creek 2

update hydro and reposition pts for 224-10-14420 & 224-10-14420-2010  
use arc2015 for hydro, add barrier
